Education

MCA (Master of Computer Applications)
Aurora PG College (OU)
2022 – 2024 | Hyderabad, India

Bachelor of Science
Ramakrishna Degree College
2019 – 2022 | Jagtial, India

Technical Skills

- NodeJs
- ExpreesJS
- MongoDB
- React
- JavaScript
- HTML5 || CSS3

Soft Skills

- Problem-Solving
- Self-Learning

Professional summary

A highly skilled full-stack web developer with expertise in Express, Node.js, MongoDB, HTML, CSS, and JavaScript. Quick to learn new technologies and experienced in using generative AI, ready to make valuable contributions in fast-paced development teams.

Projects

Note Taking
React js || Node js || Express js || MongoDB || ChakaraUI

- Developed a user-friendly note-taking application enabling seamless creation, editing, and deletion of notes for efficient information management.
- Designed an organized interface for clear and quick access to all notes, enhancing user productivity and ease of use.
- Implemented an intuitive empty-state message, improving the user experience by guiding users when no notes are available.
- Focused on delivering a smooth, responsive experience, ensuring the application is functional across devices.

Shop Now
React js || Node js || Firestore || ChakaraUI

- Built an interactive e-commerce platform with features for searching, filtering, and browsing products to provide a streamlined shopping experience.
- Developed an efficient shopping cart system, allowing users to add, view, and manage selected items easily.
- Integrated secure user authentication, enhancing data security and user trust.
- Implemented pagination for optimized navigation, enabling faster access to a wide range of products.
